

THE HIRE TALENT
A TALENT ASSESSMENT COMPANY

Interview Questions Marketing

Research market conditions in local, regional, or national areas, or gather information to determine potential sales of a product or service, or create a marketing campaign. May gather information on competitors, prices, sales, and methods of marketing and distribution.

Marketing

- What do you enjoy about marketing research?
- Tell me how you helped your current company determine their position in the marketplace.
- How would you forecast the sale of a new product?
- Tell me about a marketing campaign that didn't give you the results you predicted. What did you learn?
- What is the top marketing channel that you think our company should use and why?
- What marketing research could you complete to help us increase our customer base?
- Tell me about a procedure you developed and implemented to identify your advertising needs.
- What would you do if your research identified a problem with the company's product?

Research and Analysis

- What statistical tools do you use?
- What consumer data do you collect?
- Tell me about the method you use to collect consumer data?
- What data do you analyze to determine competitor behavior?
- What metrics do you track regarding current customers?
- How would you measure the effectiveness of our current marketing strategy?
- How do you go about keeping informed of prevailing market trends and marketing practices?
- What software programs do you use to conduct statistical analysis? To capture customer data?

Communication

- Tell me a time you prepared reports of your findings, illustrated data graphically and translated complex findings into written text.
- Tell me a time when you successfully coordinated with various departments to provide exceptional customer service. What challenges did you overcome?
- What is the most effective way you have found to engage stakeholders where you have to convince people who do not work for you to provide information?
- How do you explain complex information to a person not familiar with statistics?
